The nursery fees quoted above have had the Early Years Grant applied. Your child qualifies for the grant from the term after their third birthday until the term of the fifth birthday, equating to six terms. This makes the grant also available within the reception class for between 1 and 3 terms (depending on the date of birth of your child). The Early Years Grant varies slightly each term according to the length of the term, however if over the year you use the maximum 570 hours, the total grant for the year is £2171.70. An average grant per term has been used to illustrate what you are likely to pay. Please contact the school for a precise figure.
